

# Room Alert 32E

Our most advanced & highest capacity  
Room Alert monitor.

## We've got facilities covered.

The Room Alert 32E monitors temperature, humidity, heat index, dew point and power right out of the box with additional capacity to monitor 30+ conditions, and also includes a backup Mini UPS in the event of power loss. This monitor also offers additional ports to toggle devices on/off. Need advanced security features? Check out our Room Alert 32S monitor. For more information and specifications, please visit [AVTECH.com](http://AVTECH.com).
